FRESHOKIT INDIA PVT. LTD.					
B2B TERMS & CONDITIONS — PRODUCT CATALOGUE 2026					
MINIMUM ORDER QUANTITY (MOQ)					
Product format			Minimum order quantity		
Sachets and tea bags			1,000 boxes per SKU / flavour		
Loose products			500 boxes per SKU / flavour		
GENERAL B2B TERMS					
1	Order acceptance	All purchase orders are subject to written confirmation, production capacity, raw-material availability and credit approval, where applicable.			
2	Prices and taxes	Catalogue prices are indicative and may change without prior notice. Final prices will be confirmed in the quotation or proforma invoice. GST and other statutory levies are extra unless expressly stated otherwise.			
3	Payment	Payment terms will be stated in the quotation or proforma invoice. Production begins only after receipt of the agreed advance and all required approvals; the balance, unless credit terms are approved in writing, is payable before dispatch.			
4	Lead time	Production and dispatch timelines are confirmed after order acceptance, receipt of advance, and approval of product specifications, packaging and artwork. Delays caused by pending buyer approvals may extend the timeline.			
5	Packaging and artwork	Custom branding, printing plates, cylinders, moulds, design work and special packaging may be charged separately. The buyer is responsible for final approval of artwork, declarations, trademarks, barcodes and regulatory information supplied by the buyer.			
6	Quantity tolerance	For custom-manufactured or printed orders, a reasonable production variance may apply. The final invoice will be based on the quantity actually produced and supplied, as agreed in the order confirmation.			
7	Freight and delivery	Freight, insurance, loading/unloading and special handling are extra unless included in the written quotation. Risk transfers according to the delivery terms stated in the confirmed order.			
8	Product specifications	Products will be manufactured according to the approved specifications and applicable food-safety requirements. Natural ingredients may show minor variations in colour, aroma, flavour or appearance between batches.			
9	Shelf life and storage	Shelf life is as printed on the product or agreed specification. The buyer must store products in the stated conditions, away from heat, moisture, sunlight and contamination.			
10	Inspection and claims	The buyer must inspect goods promptly on receipt. Claims for shortage, transit damage or manufacturing defects must be submitted in writing within 7 days of delivery, with invoice, batch details and supporting photographs or samples.			
11	Returns	Customized, private-label or made-to-order goods are not returnable or cancellable after production begins, except for a verified manufacturing defect attributable to Freshokit. Any approved remedy is limited to replacement, credit note or refund for the affected goods.			
12	Changes and cancellation	Any change or cancellation requires written approval. Costs already incurred for ingredients, packaging, printing, design or production will be payable by the buyer.			
13	Confidentiality and intellectual property	Buyer-owned artwork and confidential information will be used only for the agreed order. Freshokit formulations, processes, product know-how and pre-existing intellectual property remain the property of Freshokit unless agreed otherwise in writing.			
14	Force majeure	Neither party will be liable for delays caused by events beyond reasonable control, including natural disasters, government restrictions, transport disruption, labour disturbance or supply-chain interruption.			
15	Governing documents	The confirmed quotation, proforma invoice, purchase order accepted by Freshokit, approved specifications and these terms together form the commercial agreement. Any exception must be accepted by Freshokit in writing.			
Note: Product-specific specifications, pricing, payment schedule, delivery terms and regulatory requirements stated in the confirmed quotation or proforma invoice will prevail where they differ from these general terms.
